

Samurai

A firm favourite with companies large and small. Chances are, you've already used one of these! With its dual jet blade airflow, the Samurai will dry both front and back of hands at the same time drastically reducing energy costs. A built in HEPA filter and UV-C technology ensures that all air that is passed over the hands is free from germs and bacteria. With its blue neon lights the Samurai will look great in any washroom.

Performance

Drying time	10 - 12 seconds
Motor speed	32,000 rpm
Air speed	100 meters per second
Adjustable heat	Yes
Heat turned to off	Ambient air only
Heat turned to on	Warm air
Motor type	Carbon brush

Electrical

Voltage	220 – 240 v
Frequency	50/60Hz
Ingress protection	IP24
Motor power	950w
Heating element	900w
Isolation class	Class 2
Rated power (heat on)	1850w
Rated power (heat off)	950w
Auto cut off protection	60 Seconds

Dimensions

Height	670mm
Depth	194mm
Width	295mm
