

AshiGARU

Our AshiGARU is aptly named. The AshiGARU was a Japanese warrior with a reputation for strength and endurance. With its digital brushless motor the AshiGARU will withstand the busiest of establishments and outperform most traditional hand dryers with dated inferior motors. Its going to dry in around 10-12 seconds. It catches excess water in a hidden 'no plumb' tank and sanitizes the airflow before drying your hands.

Performance

Drying time (Max Setting)	9-12 seconds
Motor speed	32,000 rpm
Air speed	95 meters per second
Adjustable Heating	Yes
Operating Volume	(Low) 70Db[a] at 1 meter
Motor type	Digital Brushless
Daily Traffic Suitability	(High Traffic) 300+

Electrical

Voltage	220 – 240 v
Frequency	50/60Hz
Ingress protection	IP24
Power rating	1950w
Motor Power	700w
Heating element	1250w (switchable on or off)
Isolation class	Class I
Auto cut off protection	60 Seconds

Dimensions

Height	700mm
Depth	215mm
Width	300mm
