- **TWO YEAR WARRANTY** – If it breaks, we will fix or replace it

Technical Specification

Material	Burn proof ABS
Colour	Graphite Silver
Rated Voltage	ACC220-240
Rated Power	1100w (Warm) / 550w (Cool)
Installation	Wall Mounted
Rated Frequency	50/60Hz
Current	10amp
Average Drying Time	10 Seconds
Drip Proof	IPX1
Noise Level	72db
Operation	Infra-Red
Net Weight	4.5Kg
RPM	25,000
Size	250mm w / 235mm h / 165mm d
Warranty	2 Years

Useful Information

Until now, this has been relatively unheard of within the wash room supplies industry to have a hand dryer that performs a 10 second average dry time without sounding like a small jet plane taking off.

What makes the MX2000 so special?

What really stands out and sets the MX2000 apart from 99% of other hand dryers is the energy it uses to deliver its high-speed drying. At just 550 Watts a cool blade of air passes through 22 micro jets that will deliver around 100 dries for an incredible 2 Pence in energy usage! To draw a comparison, most high-speed hand dryers operate at close to 2000 Watts making the MX2000 almost 75% more energy efficient whilst still delivering outstanding and often unrivalled drying times. Once more, it's also one of the quietest hand dryers in its class at just 72db.

In the Box: 1 X MX2000S Hand Dryer, Screws and Wall Plugs, User Manual
