Colour	White
Rated Voltage	ACC220-240
Rated Power Heater On	19000w
Heating Element	1100w
Power Heater Off	800w
Installation	Wall Mounted
Rated Frequency	50/60Hz
Current	10amp
Average Drying Time	10-12 Seconds
Drip Proof	IPX4
Noise Level	72db
Operation	Infra-Red
Net Weight	10.5Kg
RPM	25,000
Size	295mm w / 700mm h / 219mm d
Warranty	2 Years

Useful Information

Aptly named, the Ninja is in a class of its own! Place your hands inside it's illuminated drying zone and the LED count down timer begins counting from 12. Hands down for 6 seconds, then up for 6 seconds and you're done! Its dual jet blades are angled perfectly to dry both sides of your hands at the same time meaning a faster and more even dry than traditional hand dryers. Once more, waste water is held in an integrated collection tank so no more puddles or slips on your wash room floor! Our forward-thinking design also gives you a small viewing window on the base of the unit making it very easy for cleaning personnel to identify when it needs emptying so it will never overflow! The reduced noise level and built in air filter also makes the Ninja one of the quietest and most hygienic dryers of its class in the World. It's easy to see why this dryer is so popular!

In the Box

1 X Ninja Hand Dryer
1 X Mounting Bracket
Screws and Wall Plugs
User Manual
