Drip Proof	IPX1
Noise Level	72db
Operation	Infra-Red
Net Weight	10.5Kg
RPM	25,000
Size	327mm w / 311mm h / 185mm d
Warranty	2 Years

## Useful Information

Technology advances Year upon Year and so do our hand dryers. The Jet Blade V has everything that you would expect, and more from a 2018 hand dryer. Its twin blade technology will blast water from the hands in under 10 seconds. Dual sensors react quickly and efficiently kicking the dryer into action as soon as hands are detected. The Twin Jet Blades face away from you preventing any water being blown onto you. The dryer has a built in HEPA filter that will remove bacteria and germs from the air giving you a hygienic bacteria free drying experience. Hidden behind the HEPA filter you will find the adjustable heating element and airspeed control that allows you to set the dryer to suit your users' needs as well as your electricity bill!

**In the Box:** 1 x Jet Blade V Hand Dryer, Screws, Wall Plugs, User Manual
